Epic Bites**From Cubicles to Kitchen Since 2017**

We're just two dads, best friends and foodies who decided to join forces to do something different. By day we were housed in cubicles working for the man, by night we were renegade foodies stirring up epic bites our wives and kids couldn't get enough of... which led us to creating Texas Sugar Daddies.

We launched in 2017 online and are excited to have a location on the Blessed Sacrament Academy campus on Mission Road in Building 9. We believe great food should be fun, approachable, and bring people together - no fancy stuff, just damn good food that makes you smile.
